MEMORANDUM FOR: Director of Personnel

FROM:

Director, National Intelligence Emergency
Support Office

SUBJECT: Expression of Appreciation

1. Please accept my appreciation for the assistance which the Office of Personnel recently gave us on a task involving a critical national security program of the highest priority. Complicating our work was the nearly impossible deadline which had been imposed on us. I am pleased to note, however, that we met our 31 March 1983 deadline successfully, with significant help from and his staff, who prepared and provided us with a personal affairs reference list. Their contribution is yet another example of the excellent support the Office of Personnel has reliably provided since NIESO's establishment.

2. Please convey my sincere appreciation to all concerned for their outstanding cooperation and assistance on our behalf.
